شرکت آوای ایمن توان

ET battery Lithium For UPS
Serise LI10000U (192V-15Ah)

192V 15 A Lithium Iron Phosphate Battery

The 192V 15 Ah Lithium Iron Phosphate (LiFePO4) battery, rated at 192V and 15Ah, is designed to provide reliable backup power for compatible UPS systems and industrial applications. Featuring Grade A+ LFP cells, it delivers high cycle life, excellent energy efficiency, and stable performance.

The integrated Battery Management System (BMS) continuously monitors individual cell conditions and operating temperature, providing protection against overcharging, over-discharging, overcurrent, and short circuits.

Supporting series connection of up to 2 units and parallel connection of up to 6 units, this battery offers flexible system expansion in accordance with manufacturer specifications.

Specifications

- Grade A+ LiFePO4 cells
- High cycle life
- High energy efficiency
- Intelligent Battery Management System (BMS)
- Individual cell monitoring
- Overcharge and over-discharge protection
- Overcurrent and short-circuit protection

شرکت آوای ایمن توان

battery Lithium For UPS
Serise LI10000U(192V-15Ah)

مشخصات کلی	
Model	192V 15Ah
Nominal Voltage	198 V
Capacity	15 Ah
Charging Voltage	217 V
Cut-off Voltage	168 V
Maximum Discharge Current	30 A (Peak)
Maximum Charging Current	7.5 A
Dimensions	522 × 240 × 218 mm
Weight	24 kg
Lead-Acid Battery Equivalent	16 × 28 Ah batteries
Series Connection	Up to 2 units
Parallel Connection	Up to 6 units

192V 15Ah | Lithium Iron Phosphate Battery

Reliable Backup. Advanced Protection. Long-lasting Performance.

Powered by Grade A+ $LiFePO_4$ cells and an intelligent BMS, delivering efficient and stable backup power for compatible UPS systems.

- 192V | 15Ah
- High cycle life
- Advanced BMS protection
- Flexible system configuration

Engineered for Reliable Power.
